## **Vote Fraud Alert**

### **Guilty plea in Fresno's largest voter fraud case ever**

The [Fresno Bee reports](#) prosecutors won a guilty plea in Fresno County's biggest case of voter fraud in recent memory:

"A Fresno community activist pleaded no contest Tuesday to three felonies in connection with what Fresno County's voter registrar has called the biggest election-fraud case he has handled. ... Holland, 52, pleaded no contest in Fresno County Superior Court to perjury, filing false documents and forgery during a status hearing on her case." (Lopez "Woman pleads no contest in Fresno voter fraud" Fresno Bee, 9/22/2010)

**The case involved a campaign volunteer providing forged signatures to election officials:**

"County election officials have said Holland submitted forged signatures in an attempt to reduce filing fees for Sterling and Baines. In June, Sterling and Baines each won a place in November runoff elections. On Tuesday, Sterling could not be reached for comment, but her campaign manager, Fernando Tafoya, and Baines said Holland was a volunteer and not employed by either campaign."
